MUMBAI: Travel portal *Arzoo.com* has revamped their entire website to mark the completion of their first year of soft launch.

With a more vibrant and user-friendly look, the refreshed website focuses more on holiday packages and airline bookings.

Airline fares are now available in grid based fare display that offer customers easy fare comparison. The US to India operations has also been introduced which would facilitate NRI's including those based in US and Canada to book air tickets, hotels and holidays to and within India at economical prices.

Online car hire, visa information and payment through ITZ cash card are other new services that have been introduced.

*Arzoo.com* COO Yogesh Patel said, "Our customers can now book tickets and plan their entire holiday trip to India by sitting in US itself. They can enjoy seven nights and eight days trip to India only for US \$560 per person."

India operations head Amal Purandare said, "To mark the successful completion of one year, we thought we should expand our basket of products and hence we have launched many new holiday categories like Mind, Body and Soul; Roads Less Traveled and Monsoon Masti."
